A four-week summer residential program (June 24, 2012 – July 21, 2012) hosted within the medical school at UCSD for community college students who are interested in health professions as well as biomedical science research. \$2,340 stipend per student is provided to cover cost of room/board and taxes.

Program activities include individualized mentoring, health career counseling, admission test preparation courses, study and time management skills workshop, health-related internship opportunities and informal meetings and social events with medical students.

Eligibility Criteria:

- UniversityLink, IGETC, or TAG students interested in the health sciences.
- Completed a minimum of one semester at the community college.
- Be enrolled in a minimum of 12.0 semester units during the spring semester.
- Have maintained 3.0 or higher GPA.
