Contract Hiring Process Review Group

Specifically this group will discuss:

- How do we promote
- President's Intro Statement
- Interview question sharing
- Focus on criteria
- What data do we have on when to post, how long to post, where to post
- When will new District site be updated
- Template for sharing job announcement
- Interview questions
- Formatting of webpage
- Name of group

Timeline:

My hope is to have the membership of the group solidified in December to begin our deep dive in January.

Participation:

Once all interest is gathered I will notify you if you have been selected. Depending on interest, we may have to limit the group to keep the group size manageable and to help with meeting scheduling. Everyone on this email will have a chance to participate via surveys and/or discussions with representatives.

Measure HH Deferred Maintenance

What is Deferred Maintenance

Deferred maintenance is the practice of delaying maintenance and repairs on assets, infrastructure, or buildings when there are budget or resource limitations, or when competing priorities make it impossible to do all the maintenance that's needed.
